

# Boom Stand Instruction Manual

Please read the Instruction Manual carefully before installation and keep it for future use.

**Open the package and check the parts**

1. Base
2. Vertical post
3. Base locking screw
4. Guard ring
5. Cross block
6. Horizontal bar
7. Groove locking screw
8. Top cap
9. Locking screw

Please contact the local dealer for any missing part or problem.

**Installation**

Step 1	Step 2	Step 3	
Use the Screw 3, to attach the Base 1 and the Vertical Post 2 together, and put it on the table.	Put the Guard Ring 4 on the vertical post.	Put the Cross Block 5 on the Vertical post, and tighten the right side locking screw.	

Step 4	Step 5		
Put the Horizontal Bar 6 into the Cross Block, and tighten the left side of locking screw. Confirm the slot of the Horizontal Bar should be on the top side, and use the screw 7 to fix the Horizontal Bar. When the horizontal bar is on the end of cross block, it can't be pulled out.	Put the locking screw 9 on the side of Horizontal Bar.		

<b>Step 6</b>	<b>The End</b>
Put the Cap 8 on the top of the vertical post.	Your installation work is done successfully!
	

**Attention**

Please check your ordered stand in the following models based on your purchase order.
